Session Peatland Progress - UK Strategy in Action, 1 October 2019 Belfast

Country update - Wales

- Minister for the Environment, Energy & Rural Affairs fully supports and endorses the ambition for restoring peatlands in Wales.
- Minister has commissioned the production of a costed Action Plan for Welsh peatlands to be considered early in 2020.
- Ministerial Climate Change Emergency declaration on 23 April 2019.
- Action for peatlands strongly reflected in other key policy areas, notably the Nature Recovery Action Plan and the draft Climate Change Action Plan.
