

# Co-operation Across Borders for Biodiversity

## **CABB will:**

- Work towards the restoration of 2228 ha of blanket bog across NI, Scotland and Ireland.
- Improve habitat for the Marsh fritillary butterfly.
- Improve habitats for breeding wading birds and hen harrier.
- Work closely with landowners and farmers in the preparation of eight Conservation Action Plans (CAPs) for EU designated sites (Special Areas of Conservation and Special Protection Areas).
- Raise awareness in local communities of the environmental, cultural and historical importance of blanket bogs and key wetland habitats.
- Share experiences, best practice and data with stakeholders.

## **CABB will prepare Conservation Action Plans for the following Natura 2000 sites:**

- Garron Plateau SAC
- Montaigns Moss SAC
- Pettigoe Plateau SAC / SPA
- Muirkirk and North Lowther Uplands SPA
- Dunragh Loughs / Pettigo Plateau SAC
- Meentygranagh Bog SAC / Croaghonagh Bog SAC
- Lough Nillan Bog SPA / Lough Nillan Bog (Carrickatlieve) SAC
